NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

Fair Value of Financial Instruments

The financial instruments that are subject to fair value are subject to fair value disclosure requirements are carried in the financial statements at an amount that approximates fair value and includes cash and cash equivalents. Fair value is based on quoted market prices and assumptions concerning the amount and timing of estimated future cash flows and assumed discount rates reflecting varying degrees of perceived risk.

Comprehensive Income:

The Accounting Standards Codification Topic 220, Reporting Comprehensive Income, has established requirements for disclosure of Comprehensive Income that includes certain items previously not included in the statement of income, including foreign currency translation adjustments and unrealized gain and losses on available for sale securities, among others. During the year ended December 31, 2017, the company had \$3,931 in unrealized gain in comprehensive income.

NOTE B - FAIR VALUE MEASUREMENTS

In determining the fair value of securities in accordance with GAAP, the Company, uses various valuation approaches, including market and/or income approaches. Fair value is a market-based measurement considered from the perspective of a market participant. As such, fair value measurements reflect assumptions that the Company believe market participants would use in pricing the asset or liability at the measurement date. GAAP provides for the following three levels to be used to classify fair value measurements:

Level 1 - Securities included in Level 1 are highly liquid securities valued using unadjusted quoted prices in active markets for identical assets or liabilities. These include equity and corporate debt securities traded in active markets and certain U.S. Treasury securities and other governmental obligations.

Level 2 - Securities reported in Level 2 include those that have pricing inputs that are other than quoted prices in active markets, but which are either directly or indirectly observable as of the reporting date (i.e., prices for similar securities). Securities that are generally included in this category are equity securities and corporate debt obligations that are not actively traded, certain government and municipal obligations, asset-backed securities ("ABS"), collateralized mortgage obligations ("CMOs"), and most mortgage-backed securities ("MBS").

Level 3 - Securities reported in Level 3 have little, if any, market activity and are measured using one or more inputs that are significant to the fair value measurement and unobservable. These valuations require significant judgment or estimation. Securities in this category generally include equity securities with unobservable inputs such as those investments made in our principal capital activities and certain non-agency ABS.

GREENTREE INVESTMENT SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE B - FAIR VALUE MEASUREMENTS (CONTINUED)

GAAP requires that the Company maximize the use of observable inputs and minimize the use of unobservable inputs when performing fair value measurements. The availability of observable inputs can vary from security to security and, in certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, a security's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Assessment of the significance of a particular input to the fair value measurement of a security requires judgment and consideration of factors specific to the security.

Fair values of assets measured on a recurring basis at December 31, 2017 is as follows:

	<u>Fair value at reporting date using</u>	
	Fair value	Quoted price in active market for identical assets (Level 1)
December 31, 2017		
Marketable securities	\$ 26,771	\$ 26,771
Total	<u>\$ 26,771</u>	<u>\$ 26,771</u>

Fair value for short-term investments and long term investments are determined by reference to quoted market prices and other relevant information generated by market transactions. The income reported from those investments was an unrealized gain of \$3,931.

GREENTREE INVESTMENT SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE B – FAIR VALUE MEASUREMENTS (CONTINUED)

Cost and fair value of money market funds and marketable securities at December 31, 2017 is as follows:

	Amortized Cost	Realized Gain	Unrealized Gain	Unrealized Loss	Fair Value
December 31, 2017					
Held to Maturity:					
Available-for-sale securities	\$ 19,900	2,940	3,931	-	\$ 26,771
Total	\$ 19,900	2,940	3,931	-	\$ 26,771

The fair value of money and market funds and market securities have been measured on a recurring basis using Level 1 inputs, which are based on unadjusted quoted market prices within active markets. There have been no changes in valuation techniques and related inputs.

NOTE C – NET CAPITAL REQUIREMENT

As a registered broker-dealer, the Company is subject to the requirements of the Uniform Net Capital Rule (Rule 15c3-1) under the Securities Exchange Act of 1934. As a member firm of FINRA, the Company is subject to the rules of FINRA, whose capital requirements are substantially the same as Rule 15c3-1. Rule 15c3-1 requires that aggregate indebtedness, as defined, not exceed 15 times net capital, as defined.

In accordance with Rule 15c3-1(a)(2)(vi) minimum requirement for “Other brokers or dealers”, a broker-dealer that does not receive, directly or indirectly, or hold fund or securities for, or own funds or securities to, customers and does not carry accounts of, or for, customers and does not engage in any of the activities described in paragraphs 15c3-1(a)(2)(i) through 15c3-1(a)(2) (v) of the SEA Ruling shall maintain net capital of not less than \$5,000.

The following table presents the net capital position:

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE D – OTHER COMMITMENTS AND CONTINGENCIES

Included in the Company's clearing agreement with its clearing broker-dealer is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. At December 31, 2017, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware of any potential losses relating to this indemnification.

NOTE E – SIPC RECONCILIATION

SEA Rule 17a-5(e)(4) requires a registered broker-dealer to file a supplemental report which includes procedures related to the broker-dealer SIPC annual general assessment reconciliation or exclusion-from-membership forms. In circumstances where the broker-dealer reports \$500,000 or less in gross revenues, they are not required to file the supplemental SIPC report. The company is exempt from filing the supplemental reports under SEA Rule 17a-5(e)(4) because it is reporting less than \$500,000 in gross revenue.

NOTE F – SUBSEQUENT EVENTS

Management has evaluated subsequent events and determined there are no subsequent events necessary for disclosure as of the date of the independent auditors' report.

- 5) Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the applicable instructions of the Form SIPC-7. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
